Thanks to all of our Sponsors! 14th Annual **Create A Smile** Walkathon

Thank you for your very generous support! Because of you and the Create A Smile Foundation, Community Living St. Marys and Area has raised over \$16,500.00 pledged dollars.

Your support furthers our Vision of **"A community where everyone belongs"** and our Mission **"To nurture the ability and willingness in our community to welcome and support all people as valued and contributing citizens."**

The money raised will pay for things that enhance the lives of people with disabilities, their families and the communities they live in. This includes essential items not covered by government funding, some mobility and communication devices, summer supports for a number of young people, People First and accessibility equipment needed in our community. This year the focus will be on increasing obtainable housing in our communities.

Your support will improve the lives of people with disabilities.

**THANK
YOU!**
